

Welcome Back, Quarry Gymnastics Families,

The outpouring of encouragement from so many families reminded me just how much this gym means to our community. I'm excited to announce that The Quarry Gymnastics Center will be returning for the 2026-2027 season.

CLASSES OFFERED & FEES 26/27

We are excited to continue providing quality gymnastics instruction for all of our athletes and hope to offer scheduling options that works for every family's needs.

New this fall! Daytime classes for preschoolers, homeschool students and cyber school students Children ages 4-17 and our popular GymNinja classes featuring gymnastics, and martial arts. **Our class fees have not changed for the 2026-2027 season and remained the same for several years.**

AGE & PLACEMENT

Children ages 4-17. Students must be independent and potty-trained. Boys and girls based on age, ability, maturity, and class availability. Our goal is for every child to feel challenged, successful, and confident. The Quarry Gymnastics Center is a positive, encouraging, no tears, no-pressure environment. If your child is not yet ready to participate independently or is uncomfortable separating from a parent, waiting a little longer often leads to a more enjoyable and successful experience.

EXCITING OPPORTUNITIES AHEAD

Our goal is to continue expanding opportunities for our families. As qualified instructors become available and interest grows, additional classes, programs, special events and other activities may be offered throughout the year.

Watch for future announcements.
